Paraprodsokians

(*Winston Churchill* loved them) are figures of speech in which the latter part of a sentence or phrase is surprising or unexpected; frequently humorous. Enjoy!

Where there's a will, I want to be in it.

**You cannot help the poor by destroying the rich.
You cannot strengthen the weak by weakening the strong.
You cannot bring about prosperity by discouraging thrift.
You cannot lift the wage earner up by pulling the wage payer down.
You cannot further the brotherhood of man by inciting class hatred.
You cannot build character and courage
by taking away people's initiative and independence.
You cannot help people permanently by doing for them,
what they could and should do for themselves.**

Abraham Lincoln
