Last Week's Program: Barbara Todd introduced Joe Cuenco, the Executive Director of the Science & Technology Education Innovation Center. The Science & Technology Education Innovation Center offers programs for students in grades K-12 taught by qualified educators. For over 52 years, the main focus of the Science Center has been offering quality science programming to students in grades K-12. However, in order to prepare the students to be qualified for the advanced requirements of the 21st century, the Center had to be reinvented to a discretely focused **STEM** (Science, Technology, Engineering, and Mathematics) education facility – the only of its kind in Pinellas County. They offer an Industry Certification in Cyber Security Training, CPR Certification, Medical Career Workshops, a Middle & High School Manufacturing Workshops & a Manufacturing Certification along with many camps. An amazing place and opportunity for our kids right here at 7701 22nd Ave N, St. Petersburg, FL 33710 ph# 727-384-0027 www.steic.org

This Week's Program :

Program Chairman is **Don Vauiso**, who promised we would have a SURPRISE PROGRAM provided by the Italian Mafia! It could be the Ghost of Sinatra left over from Saturday night's Valentine Party! **It could be Don doing a solo or it could also be a another politician crashing our meeting!**
