STUDENTS OF THE MONTH

We all recognize the accomplishments that these high school students have attained while participating as leaders in several clubs involving categories such as, Athletics, Academics & the Arts. The lists are long and we wonder, how do they manage their time & energy while maintaining the high standards of excellence and GPA? They are true role models for their peers and we have no doubt as to the wonderful contributions they will make to society after they have graduated! Just the amount of hours spent towards volunteering, studying & working at places of employment is just MIND BOGGLING!
