## This Week's Program:

# District Governor's Visit

Our Club welcomes DG Will Miller

**Last Week's Program:** Program Chairman Susan Walker & Club President, Tami Scheele, presented Jan Young & Jason Lucas from *Living Towers*. Their water based growing system (Hydroponic) creates its own highly oxygenated environment (Aeroponic) for the plant roots. The plants are grown vertically & their ionic minerals and plant nutrients allow them to grow strong, healthy, nutrient-dense produce. They spoke about the Hydroponics Unit that we would be installing at *Skyview Elementary* that afternoon at the **2:45pm Ribbon Cutting Ceremony**.

## **Donation to Sanders School "Store"**

Jerry Wennlund and Theresa Pinnix went to *R. L. Sanders School* last Thursday after our lunch meeting to present a \$400 check to School Social Worker, **Karen Schroeder**, for their school store which is part of their "Positive Behavior Support" program. Students receive daily points for positive behavior and then are allowed to shop at the school store once a week, choosing items based on the number of points they have received. A student must receive 85% or better on their behavior point sheet to receive points daily. Points are cumulative from week to week. The school is not allowed to use district money for food which is a popular store item (sodas, candy bars, chips/snacks/protein bars, etc). They rely on contributions for those items. Additionally, they stock sports items, hats, flash drives, gift cards, stuffed animals, gadgets, games, electronics, posters, fancy pens, etc.
